

**Women & Power** Connecting Across the Generations

September 11-13  
**2009**  
**OMEGA**  
 Rhinebeck, New York

*How can we build bridges across the generations that inspire and empower women to change the world?*

In an era when women's wisdom is needed more than ever, it will take all of us to weave the lessons learned in past generations into the realities facing women today. During this conference—in keynote talks, breakout workshops, informal conversations, and evening entertainment—we have the unique experience to hear from and connect with women from different generations, to empower each other, and to discuss the big questions facing women today. *Special scholarships and discounts available.*
